

25 September 1953

MEMORANDUM FOR: Colonel White

25X1A

25X1A

25X1A

The accompanying proposed [REDACTED] Notice on payment of educational costs for dependents of Agency overseas personnel has been concurred in by the General Counsel's Office. We have not submitted to Mr. [REDACTED] this specific paper; however, the principles outlined in this Notice are those with which he concurred in connection with his review of the Personnel Office staff study. The one exception which he took to the Personnel paper (his feeling that clarification was required "so as not to preclude such benefits when the bearing of such expenses by an employee would constitute a hardship of such nature as to affect materially the ability of CIA to carry out its functions") has been given full recognition in the accompanying proposed Notice. If you believe that this Notice requires specific concurrence from COA/DDP we can forward it promptly to him. Otherwise, recommend forwarding directly to the Director for approval.
